*Certification in Public Health (CPH) Q&A Exam Review* provides the ultimate resource for all students and practitioners seeking the professional credential and committed to lifelong learning and career growth in public health. Chapters are organized by all ten core competency domain areas, beginning with Evidence-Based Approaches to Public Health and including chapters on Communication, Leadership, Law and Ethics, Public Health Biology and Human Disease Risk, Collaboration and Partnerships, Program Planning and Evaluation, Program Management, and Policy in Public Health before concluding with Health Equity and Social Justice. Covering over 150 topic areas, each chapter introduces the core objectives of each domain area to frame the goals of the CPH exam and highlight the complete content outline featured on the exam. Chapters include the fundamental information public health professionals must learn to be effective workers in the field followed by approximately 600 practice questions with detailed rationales for correct answers at the end of each chapter. Using this method, the number of practice questions are divided equally among each domain area for comprehensive study and exam preparation. Written by a CPH certified educational leader in public health and containing over three exams' worth of questions, this book is the most useful and thorough exam review resource on the market, great for on-the-go study and preparation.
