TEST QUESTION FORMATS

- A. MULTIPLE CHOICE FORMAT – SINGLE ONE BEST ANSWER
- B. SCENARIO SETS – SINGLE ONE BEST ANSWER

A. MULTIPLE CHOICE FORMAT – SINGLE ONE BEST ANSWER

This is the most traditional and frequently used format; multiple choice. It consists of a statement or question forwarded by four options that are in random or numerical order. The response options in this format are lettered (e.g. A, B, C, D). Examinees are required to select the best answer to the question. Other options may be partially correct but there is only ONE BEST answer.

STRATEGIES FOR ANSWERING SINGLE ONE BEST ANSWER TEST QUESTIONS

Read each question carefully. It is important to understand what is being asked.

Try to generate an answer and then look for it in the option list.

Alternatively, read each option carefully, eliminating those that are clearly incorrect

Of the remaining options, select the one that is most correct.

If unsure about an answer, it is better to guess, since unanswered questions are automatically counted as wrong answers.

EXAMPLES OF SINGLE, BEST ANSWER TEST QUESTIONS

The Capital of the United States of America is

- A. New York, New York.
- B. Buffalo, New York
- C. Albany, New York
- D. Washington, D.C.

ANSWER D

The following two statements come from a county health department's strategic plan. The response options for the next two items are the same. Select one answer for each item.

The health department is committed to protecting and promoting the health of the country's residents. Which of the following components of a strategic plan does this statement represent?

- A. objective
- B. vision
- C. mission
- D. goal

ANSWER C

Reduce the number of teenagers who begin to smoke. Which of the following components of a strategic plan does this statement represent?

- A. goal
- B. mission
- C. objective
- D. vision

ANSWER A

B. SAMPLE QUESTIONS

The following pages include 10 sample test questions. These questions were retired from the CPH exam item bank.

These sample questions are illustrative of the types of questions used in the NBPHE examination. Although the questions exemplify content on the examination, they may not reflect the content coverage on individual examinations.

In the actual examination, questions may appear randomly in the examination; they will not be grouped according to type or specific content. In the actual examination, the questions will be presented one at a time in a format designed for easy on-screen reading.

1.

The value depicted by the arrow identifies which of the following?

- A. mode
- B. 50th percentile
- C. 75th percentile
